Stacking bin - 580 x 470 x H 120 mm

Product specifications

External dimensions (L x W x H)	580 × 470 × 120 mm
Internal dimensions (L x W x H)	530 × 430 × 115 mm
Capacity	26 liter
Handles	Closed
Sidewalls	Closed
Material	HDPE
Article number	93.3114
Weight (kg)	1,7 kg
Temperature range	-30°C to +60°C
Color	White
Bottom	Closed, smooth

Properties

Very smoothly and hygienically made

Description

The stacking container, with dimensions of 580 x 470 x H 120 mm and a capacity of 26 liters, is available in natural white or gray. This container is designed with a fully closed construction and a smooth bottom, ensuring an efficient and tidy storage solution. The handles are cleverly integrated into the top edge, making them comfortable to grip during handling.

This stacking container is widely used in special applications in both the food and pharmaceutical sectors. Thanks to its fully closed design, it offers optimal protection for the contents, making it ideal for storing and transporting products that must meet strict hygiene standards. With its practical design and versatility, this stacking container is a reliable choice for organized storage and transport in various industrial environments.
