Description

The Plastic Stackable Euro Container Euronorm, measuring 800 x 600 x H 220 mm and with a capacity of 80 liters, is a versatile solution for various storage needs. This container is fully enclosed, with handles seamlessly integrated into the upper edge.
This design provides a sleek and efficient storage solution, ensuring that the contents are protected against dust, moisture, and other environmental factors. The closed handles contribute to the streamlined appearance of the container and prevent dirt or dust from accumulating in the handles.
With a generous capacity of 80 liters, this stackable container offers ample space for storing and organizing various goods, from smaller items to larger objects. The durable plastic construction ensures a long lifespan and makes the container suitable for use in various environments, such as warehouses, factories, and distribution centers.
