Stacking bin for baking tray - 655 x 450 x H 100 mm

Product specifications

External dimensions (L x W x H)	655 × 450 × 100 mm
Internal dimensions (L x W x H)	628 × 422 × 86 mm
Handles	Open
Sidewalls	Perforated
Material	PPC
Article number	30.7-110.0117
Weight (kg)	1,66 kg
Temperature range	-30°C to +80°C
Color	Orange
Bottom	Perforated, reinforced
Quantity per pallet	66

Properties

The stacking bins for baking trays are suitable for storage and transport of baking trays (600 x 400 mm)

Description

The stackable tray crate, also known as the baking sheet crate, measures 655 x 455 x H 100 mm and has a capacity of 19.2 liters. This crate is specially designed to meet food safety standards, featuring a perforated and reinforced bottom, along with finely perforated side walls, all in a vibrant orange color. The convenient design includes four open handles for easy handling.

This stackable crate is particularly suitable for storing and transporting baking sheets due to its specific dimensions and the openings in the bottom. The perforations allow for air circulation, enabling the baking sheets to breathe properly and be stored ideally without moisture buildup. Thanks to its sturdy construction and design, multiple crates can be easily stacked on top of each other, making efficient use of valuable storage space.

Whether for professional use in the baking industry or for home use in the kitchen, this stackable crate for baking sheets offers a convenient and safe solution for organizing and transporting baking supplies, enabling a smooth and organized workflow.
