Handles	Open
Sidewalls	Perforated
Material	PPC
Article number	30.7-112.0117
Weight (kg)	1,78 kg
Temperature range	-30°C to +80°C
Color	Orange
Bottom	Perforated, reinforced
Quantity per pallet	54

Properties

The stacking bins for baking trays are suitable for storage and transport of baking trays (600 x 400 mm)

Description

The stackable crate, also known as the baking tray crate, measures 655 x 455 x H 120 mm and has a capacity of 23.8 liters. This crate complies with food safety standards and features a perforated and reinforced bottom, as well as perforated side walls, all in a vibrant orange color. With its four open handles, it is easy to handle.

Due to its specific dimensions and the perforations in the bottom, this stackable crate is particularly suitable for the storage and transport of baking sheets. The perforations ensure good air circulation, allowing the baking sheets to breathe properly and be stored ideally without moisture buildup. The sturdy construction and thoughtful design make it possible to stack multiple crates efficiently on top of each other, saving space.

Whether used in professional bakeries or home kitchens, this stackable crate for baking sheets offers a convenient solution for the organized storage and transport of baking supplies. It facilitates a smooth workflow, allowing baking sheets to be stored and transported safely and in an orderly manner.
