The stacking bins for baking trays are suitable for storage and transport of baking trays (600 x 400 mm)

Description

New to our product range is the stackable tray for baking sheets, also known as the baking sheet tray. This stackable tray measures 655 x 455 x H 150 mm and has a capacity of 29.4 liters. It is a food-safe stackable bin, featuring a closed, smooth bottom, closed side walls, and handles, all finished in a striking, fresh orange color. This bin is specially designed for the safe storage and convenient transport of baking sheets, especially in professional kitchens and bakeries.

The well-thought-out dimensions and internal bottom ridges make this stackable bin particularly suitable for storing and transporting baking sheets. The smooth bottom and closed side walls provide a protective environment for the baking sheets, while the internal bottom ridges ensure that the baking sheets can be stacked securely without shifting.

The bright orange color and practical design of this stacking bin make it not only easy to identify but also to handle, even when loaded with baking sheets. The Baking Sheet Storage Bin is the ideal solution for keeping your baking sheets safe and organized, and it is an indispensable tool for professionals who strive for efficiency and careful storage of baking sheets in their work environment.
