Color	Orange
Bottom	Perforated, reinforced
Quantity per pallet	36

Properties

The stacking bins for baking trays are suitable for storage and transport of baking trays (600 x 400 mm)

Description

New in our range is the Stacking Crate for baking trays, also known as the tray crate, with dimensions of 655 x 455 x H 190 mm and a capacity of 39.7 liters. This stacking crate is specially designed for the safe storage and convenient transportation of baking trays in professional kitchens and bakeries.

The crate is manufactured with food safety as a priority, featuring a perforated and reinforced bottom that provides optimal airflow and drainage for the baking trays. The roughly perforated side walls ensure good ventilation, while the fresh orange color makes the crate instantly recognizable in any environment.

With four open handles, the crate is easy to handle, even when loaded with baking trays. The dimensions and bottom openings are perfectly matched to the size of the baking trays, allowing them to be safely stacked and efficiently stored or transported.

This stacking crate is the ideal solution for organizing baking trays in any kitchen or bakery. Its durable construction and practical design make it an indispensable addition for professionals striving for efficiency and convenience in their workspace.
