Load capacity (kg) 10

Quantity per pallet 152

Properties

With a smooth bottom and closed handles.

Lid containers are also stackable with the lid.

Lid containers have a detachable hinged lid.

The lid container comes with two snap-slide closures in the lid.

Description

Stacking bin with lid in Euronorm format 400 x 300 mm. The lid container consists of a stacking container and a hinged lid with two snap-slide closures. When opened, the hinged lid is removable. It's a fully closed container with a smooth bottom and closed handles. Due to its standardized dimensions, the lid container is stackable with other Euro containers, with or without a lid. The lid container is made of food-grade plastic. The snap-slide closures ensure proper sealing and easy reopening. We provide foam inserts, seals, and label holders as accessories for the lid containers.
