Load capacity (kg) 25

Quantity per pallet 28

Properties

With a reinforced diamond bottom.

The standard version features closed handles.

Lidded containers can also be stacked with their lids.

Lidded containers have a detachable hinged lid.

The lidded container comes with two snap-slide fasteners in the lid.

Description

Stacking bin with lid in Euronorm format 600 x 400 mm. Made from food-safe plastic. The lidded container is composed of a stacking container, hinged lid, and two snap-slide fasteners. The lidded container has a closed bottom with reinforced construction, making it highly suitable for heavier loads. The hinged lid is removable when opened. The container can also be stacked with its lid. Due to its standardized dimensions, the lidded container can be stacked interchangeably with all other Euronorm stacking containers. Additionally, the lidded container fits perfectly and without space loss on standardized pallets, roll cages, and mobile bases. We provide foam interiors, seals, and label holders as accessories for the lidded containers.
