Quantity per pallet 28

Properties

Lidded bins are also stackable with lid

Lidded bins have a removable, hinged lid

The lidded bin is provided with an extra strong diamond-pattern base

Stacking bin with hinged lid and 2 snap-slide locks

Description

Stacking bin with lid in Euro norm size 600 x 400 mm. Made of food-grade plastic. The lid container is composed of a stacking container, hinged lid, and two snap-slide closures. The lid container has a closed bottom with reinforced construction, making it highly suitable for heavier loads. The hinged lid is removable when in the open position. The container is also stackable with the lid. Due to its standardized dimensions, the lid container can be stacked with all other Euro norm stacking containers. Additionally, the lid container fits perfectly and without loss of space on standardized pallets, roll containers, and mobile bases. We provide foam interiors, seals, and label holders as accessories for the lid containers.
