Load capacity (kg) 25

Quantity per pallet 20

Properties

Lidded bins are also stackable with lid

Lidded bins have a removable, hinged lid

Stacking bin with hinged lid and 2 snap-slide locks

Description

Lid container with Euro norm dimensions 600 x 400 mm. Composed of a stacking container with a hinged lid including two snap-slide fasteners. The lid container has closed walls, sealed handles, and a closed, reinforced bottom. The lid container is securely sealed during transport, allowing the goods to be transported dust-free and safely. The lid container is commonly used for storing delicate cargo. Due to the standardized dimensions, the lid container can be stacked with other Euro containers, both with and without lids. The lid container is made of food-grade plastic. We provide foam inserts, seals, and label holders as accessories for the lid containers.
