Max. stacking load (kg) 200 kg

Capacity 14.1 liter

Handles Closed

Sidewalls Closed

Material PP

Article number 30.608.DB.1

Weight (kg) 1,9 kg

Temperature range -20°C to +80°C

Color Grey

Bottom Closed, smooth

European Article Number 7424900252230

Colorcode RAL 7040

Load capacity (kg) 20

Quantity per pallet 124

Properties

With a smooth bottom and closed handles.

Lid containers can also be stacked with their respective lids.

Lid containers feature a detachable hinged lid.

The lid container comes with two snap-slide closures in the lid.

Description

This lid container has the practical Euro norm dimensions of 600 x 400 mm. Consequently, it is stackable with all other Euro norm lid containers and stacking containers. Additionally, it perfectly fits without space wastage on a standardized pallet, rolling container, or mobile base. The lid container is composed of a fully enclosed stacking container with a hinged lid and two snap-slide closures. These closures ensure secure sealing and easy opening of the lid container. The lockable lid prevents the cargo from getting lost, damaged, or contaminated during transport.
