TELLUS bins are stackable and nestable

Description

The TELLUS series introduces a versatile solution with its stackable and nestable containers, specially designed for various purposes. With dimensions of 600 x 400 x H 270 mm and a capacity of 50 liters, these containers offer optimal functionality. Their food-safe design, featuring closed bases and side walls, ensures the safe storage of food products. The two closed recessed handles enhance usability and make handling easier.

The inclusion of closed handles not only guarantees a secure grip but also significantly contributes to maximizing the container's capacity. Whether it is efficient stacking or neat nesting when not in use, the TELLUS containers prove to be space-saving and practical. Their adaptability makes them ideal for different environments, from industrial storage to culinary applications, while keeping the contents safe and well protected.

In essence, the TELLUS series stands out as a reliable solution that combines functionality and safety, making it a valuable addition to storage needs across various sectors.
