Article number: 1834.100.800

Broban crate - 700 x 496 x H 190 mm - fully perforated - with stacking bar - beige

Product specifications

External dimensions (L x W x H)	700 × 496 × 190 mm
Internal dimensions (L x W x H)	640 × 440 × 170 mm
Capacity	47 liter
Handles	Open
Sidewalls	Perforated
Material	PP
Article number	1834.100.800
Weight (kg)	2,25 kg
Temperature range	-20°C to +50°C, briefly up to +90°C
Color	Beige
Bottom	Perforated

Properties

- **Broban crate (700 x 496 x H 190 mm - 47 liter) in a perforated design for bread, rolls and bakery products**
- **Broban crates are nestable, half-stackable and fully stackable**
- **The front of the crates is fitted with a galvanised hinged stacking bar**
- **When the stacking bar is folded forward, the Broban crates are nestable - particularly space-saving**
- **A raised stacking bar and the stacking lugs at the rear allow stacking at two levels**
- **Stepped stacking, offset towards the rear, is also possible - for a clear presentation of the contents and optimal access**
- **Also suitable for presenting Euronorm crates 600 x 400 mm with contents**
- **Good ventilation through the perforated walls and base - helps prevent condensation and mould formation**
- **Food-safe and hygienically designed**
- **Widely used in combination with matching mobile trolleys - robust construction in galvanised steel**

Description

Stack-nestable plastic **bread crate / Broban crate** (700 x 496 x H 190 mm - 47 liter). Fitted with a galvanised **stacking bar** and **stacking lugs** for stacking at **multiple levels**. Suitable for the **transport** and **presentation** of all types of bread and bakery products. The perforated side walls and base provide optimal **ventilation**, helping to reduce condensation.
Broban crates are space-saving and **nestable**. This allows limited space in shops, warehouses and during return transport to be used efficiently. In addition, Broban crates can be **half-height stacked** using the stacking lugs at the rear and **fully stacked** using the hinged stacking bar.
Thanks to this smart construction, the Broban crate is a widely used load carrier throughout the bakery sector - often in combination with matching **mobile plastic trolleys**.
