Article number: A-89019-RVS

Stainless steel trolley - for 800x600mm stacking bins

Product specifications

External dimensions (L x W x H)	870 × 610 × 170 mm
Dynamic load capacity	300 kg
Material	Stainless steel
Article number	A-89019-RVS
Weight (kg)	7,5 kg

Properties

Because two rigid casters extend lower down, the trolley may be rotated on its own axis

Stainless steel trolleys may be stacked without problems; the recesses for the lowered rigid caster make safe stacking of the trolleys possible

Stainless steel trolley A-89019-RVS is provided with six Ø 125 mm nylon rigid casters; to prevent accidents, no swivel castors are used
