Tub 45 litre - normal duty

Product specifications

External dimensions (L x W x H)	330 mm
Capacity	45 liter
Handles	2 komhandgrepen
Material	Recycled HDPE
Article number	99.408
Weight (kg)	1,82 kg
Color	Black

Properties

- **Plastic tub with a diameter of 530 mm and a height of 330 mm**
- **Capacity of 45 liters**
- **Designed for normal use**
- **Equipped with a bottom rim to prevent abrasion**

Description

The plastic tub with a diameter of 530 millimeters and a height of 330 millimeters, with a capacity of 45 liters, is designed for normal use. The tub is made of high-quality plastic and is ideal for various applications, such as gardening, cleaning, and general household use.

What sets this tub apart is the bottom rim designed to prevent abrasion. This bottom rim provides additional protection to the bottom of the tub, extending its lifespan and reducing the chance of wear from use on rough surfaces.
