VDA RL-KLT Stacking bin (6280) - 594 x 396 x H 280 mm (smooth base)

Product specifications

External dimensions (L x W x H)	594 x 396 x 280 mm
Internal dimensions (L x W x H)	544 x 359 x 262 mm
Handles	Closed
Sidewalls	Closed
Material	PP
Article number	4173.004.662
Weight (kg)	2,7 kg
Temperature range	-30°C to +80°C
Color	Blue
Bottom	With drain holes, smooth

Properties

VDA RL-KLT folding boxes are provided with integrated label holders on one long and one short side.

The lid for stacking bins including the KLT and folding boxes has centring provisions for tension straps.

Description

The VDA RL-KLT stacking container (model 6280) is a versatile container measuring 594 x 396 x H 280 mm and features a smooth bottom. This stacking container is designed to meet various storage needs and is ideal for different industrial applications. With its streamlined dimensions and smooth bottom, this container provides a safe and efficient solution for storing and transporting various goods.

With dimensions of 594 x 396 x H 280 mm, this stacking container is suitable for a wide range of applications in various sectors. The closed construction with drainage holes in the bottom ensures an efficient and safe storage environment. Additionally, this stacking container is equipped with receptacles for automated handling, enabling easy manipulation. Moreover, it features integrated label holders for clear content identification.

Thanks to its versatile size and smooth bottom, the VDA RL-KLT stacking container (6280) is an excellent choice for various sectors. It is frequently used in diverse industries, such as the automotive sector, where secure and efficient storage of different components is crucial.
