- **With large filling opening of Ø 204 mm.**
- **Wide-mouth drums are airtight, vapour-tight and liquid-tight thanks to the screw lid with rubber seal.**
- **UN-approved for packing groups I, II and III.**

Description

Hermetically sealing wide-mouth drum with dimensions Ø 274 x H 236 mm and a capacity of 10 liter. The wide-mouth drum is fitted with a filling opening of Ø 204 mm, four recessed handles on the lid rim and a screw lid with rubber inner rim. This makes the drum airtight, vapour-tight and liquid-tight. Suitable for use in the food industry and in freezer environments. Thanks to the UN approval for packing groups I, II and III, it is also suitable for hazardous substances. Wide-mouth drums are easy to stack and palletise. Can also be used as a water container. Wide-mouth drums are ideal for use as feed barrels for storing animal feed. A wide-mouth drum with a capacity of 10 liter is suitable for approx. 4 kg of animal feed.
